Information Disclosure Statement

1. Each of the information disclosure statements filed 04/07/2005, 05/03/2005, 07/14/2005 contains citations of Court Proceedings listed on a PTO-1449 form. None of the cited Court Proceedings constitute prior art; consequently, the PTO-1449 form does not appear to be a proper vehicle for notifying the PTO of this information. Each of these citations has been drawn through on the PTO-1449 form; however, each of the copies of these Court Proceedings has been made of record in the file and each is acknowledged as having been filed as Information From Related Litigation as set forth in MPEP 2001.06(c).

Further, the copy received 10/21/2005 of a Final Judgment that has been issued in the Gerson lawsuit is acknowledged as having been filed as Information From Related Litigation as set forth in MPEP 2001.06(c).

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: the overall combination of appellant's arguments regarding the propriety of the combination of prior art to Simpson et al. ('516) in view of McKim ('618) including the affidavits submitted by Castiglione, Bowers, Fabin, Betts, and McGinley each of which argues against the propriety of the abovementioned prior art combination is found to be persuasive in light of a Board of Appeals decision in 08/240,877 (the parent case of the instant application) in which the examiner's position was reversed based upon what was deemed to be impropriety of the prior art combination to Simpson et al. ('516) in view of McKim ('618)

which was applied to claims of substantially the same scope as the claims of the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
